

Lenny Kravitz, Black Velvet

Black velvet
Simple and clean
Oh what a bad machine

Black velvet
Supple and lean
The 21st century dream

Ready to please
Free from disease
She's waiting on her knees

It's not a sin
Titanium skin
Just take her for a spin

Black velvet
Simple and clean
Oh what a bad machine

Black velvet
Supple and lean
The 21st century dream

Nice piece of kit
Electronic clit
Just sit down for a fit

Ready to trip
A guarantee hit
She's all you ever wished

Black velvet don't give a damn she'll do dishes
Black velvet knows all the night spots in France
Black velvet's cat smells like strawberry kittens
Black velvet always is ready to dance
She's ready to

Black velvet
Simple and clean
Oh what a bad machine

Black velvet
Supple and lean
The 21st century dream

Black velvet don't give a damn she'll do dishes
Black velvet knows all the night spots in France
Black velvet's cat smells like strawberry kittens
Black velvet always is ready to dance
Yeah yeah yeah yeah.
Oh yes she's ready to

Black velvet don't give a damn she'll do dishes
