

# Lenny Kravitz, Can We Find The Reason

you are the most beautiful thing  
i've ever seen  
you shine just like sunlight rays  
on a winter snow  
i just had to tell you so  
your eyes sparkle as the stars  
like the moon the glow  
your smile could light the world on fire  
or did you know ?  
your mind's full of everything that  
i want to know  
i just had to let you know  
i just had to tell you so  
you're my butterfly  
fly high  
fly fly fly
