

Lenny Kravitz, If You Can't Say No

People get around
This is a part of you
If you come undone
Then this is what you do

If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me
If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me

I know that you are in love with me
But I also know your kind
Well, baby you got a lot of nerve
So just try to keep me in mind, oh oh...

If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me, me hey
If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me

You went with another man
And I cried when I read your letter
But I don't really want to know
Where you've gone
Or if it was better, yeah yeah

You went with another man
And I cried when I read your letter
But I don't really want to know
Where you go
Or if it was better, yeah yeah

If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me
If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me

If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me, me me yeah
If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me, yeah

If you can't say no, if you can't say no, no, no, no
If you can't say no just think about me
Me, me, me, yeah, yeah, yeah

If you can't say no just think about
If you can't say no just think about
If you can't say no just think about me

Think about me
Think about me ...
Just think about me
Think about me, just think about me...
