

Lenny Kravitz, Minister of rock n'roll

I'm the minister of Rock 'N Roll
I can heal you
I can save your soul
You better stop foolin' around
I can touch you
I can make you whole
I can bless it so it doesn't get old
Come on and turn it up loud
You can call me
You know I'll be right there
You can call me
And I'll be standing there
I'm the minister of Rock 'N Roll
I'll make you freak and
Make you lose control
I'm a minister of Rock 'N Roll
Highway to Heaven and your pot of gold
Come on and join the crowd
I'm a fire when you're feeling cold
I'll make you freak
And make you lose control
What are you waiting for now?
You can call me
You know I'll be right there
You can call me
And I'll be standing there
I'm the Minister of Rock 'N Roll
I'll make you freak
And make you lose control
I'm the Minister of Rock 'N Roll
I'll make you freak
And make you lose control
I'm the Minister of Rock 'N Roll
