

# Lenny Kravitz, What Goes Around Comes Around

My pockets were full now my money's gone  
My friends come around and now they're gone  
Things come and they come and then they go  
And where they go nobody knows

It's gonna come around  
What goes around comes around  
It's gonna come around  
What goes around comes around

My cup over runneth with fullness and grace  
Yet people push bullshit in my face  
The future can't hold what your money can't buy  
My brother keep striving your child relies

It's gonna come around  
What goes around comes around  
It's gonna come around  
What goes around comes around

This world keeps on spinning does the future know?  
We're destined to screw ourselves one blow  
We've ruined what's pure down from nature below  
You'd better look back it'll all be gone

It's gonna come around  
What goes around comes around  
It's gonna come around  
What goes around comes around

So children please listen this world is yours  
This message is too deep to ignore  
Your forefathers said but they did not do  
The things that would show that they cared for you

It's gonna come around  
What goes around comes around  
It's gonna come around  
What goes around comes around

Comes around comes around comes around X3  
Comes around yeah

Gonna take you higher  
I'm gonna take you higher X2  
Yeah yeah yeah yeah  
I'm gonna take you higher  
Gonna take higher  
Yeah yeah yeah  
Gonna take you higher higher  
Higher higher higher higher  
Gonna take you higher  
Gonna take you higher, yeah  
Gonna take you higher  
Higher high higher
