

Lenny Kravitz, Where Are We Runnin'

Fast lane
High speed
On the grind
24/7
No time
Always runnin' here and there
Chasin' the money
So much jibber jabber's
Cloggin' up our soul
Where are we runnin'
We need some time to clear our heads
Where are we runnin'
Keep on working 'til we're dead
Where are we runnin'
Oo wee oo wee oo
Where are we runnin' now
In style
Profile
Got to buy
The new Cavalli
Keep the skin tight
And the booty in the air
Don't stop the party
The road is paved but narrow
I hope we all get home
Where are we runnin'?
We need some time to clear our heads
Where are we runnin'?
Keep on working 'til we're dead
Where are we runnin'?
Oo wee oo wee oo
Where are we runnin' now
Where you runnin' girl
I see you up there
Oh you up on that stage
You up there
I saw you
Where are we running
We need some time to clear our heads
Where are we runnin'
Keep on working 'til we're dead
Where are we runnin'
Oo wee oo wee oo
Where are we runnin' now
Yeah yeah
Where are we running
We need some time to clear our heads
Where are we runnin'
Keep on working 'til were dead
Where are we runnin'
Oo wee oo wee oo
Where are we runnin' now
Yeah yeah, waouh !
Where are we runnin'...
