

Lenny Kravitz, You're ma flavour

The way you love me
Is like a needle in my vein
When you're not around me
You know it just don't feel the same
And I've waited a long time
Just to feel the way I do
Just give me the reason
And I will be all over you
'Cause you're my flavor of love
You're my flavor I'm dreaming of
You're my flavor of love
You're my flavor I'm dreaming of
The way you touch me
Somehow it takes away the pain
And now I'm a junkie I'm running around without a brain
I got this jones deep inside me
And you are what I wanna do
You give me this feeling
You always make me feel brand new
'Cause you're my flavor of love
You're my flavor I'm dreaming of
You're my flavor of love
You're my flavor I'm dreaming
