

Leo Aberer & Shaggy, FOOTBALL IS MY LIFE (F

Hey you I will shoot one goal, one goal
That's all I ever wanna play
Hey you I will shoot one goal, one goal
I could do it every single day

Football, football is my life
thats all I ever wanna play
Football, football is my life
I could do it every single day

I got a new toy when I was a boy
Dribbles and Kicks I practice my trix
I break and I crash the vase and the glass
My mother would shout: Go play in the grass!

Of course I was noise, of course I was loud
But finally I made my family proude
We all are so different in colore and shape
But one thing will brings us together today

[Part Shaggy:]
Football to world embrace it
From a youth we done have the basic
We love it so we can replace it
From Ball pan di field si wi boots we lace it
One Heart, One Game, One Love
Our sport weh we well Proud of
Gimmie more skill than push and shove
And enjoy the beauty of

One heart, one game, one love!

I wanna loose control
I feel it in my soul
I am gonna give it all

[Shaggy:]
Some [?]
It's more than a foul or calling a card
The tackling was rude but the tactic was smart
Now let's see him fall in slow motion picture
Were shouting and cheering were down on our knees

Football, football is my life
Thats all I ever wanna play
Football, football is my life
I could do it every single day

With my technique and my dribbling
I control the ball
I know there will be rise and fall
But football will be always my game
