

Leo Aberer, So Slow

You are mysterious
in your fancy way
don't make me curious
but there's a lot to say

I won't let you go
I let you know
Darling!
Stay with me tonight
And when the moon is out
we twist and shout
and maybe ,
we write a symphony

So slow, so slow, so slow,
get under my Rainbow,
So slow, so slow, so slow,
Babe I won't let you go.

Slow, so slow, so slow,

You feel superior
in your silly way
don't make me inferior
I have to run away

I won't let you go
I let you know
Darling
Stay with me tonight
And when the moon is out
we twist and shout
and (then) maybe
we write a symphony

So slow, so slow, so slow,
get under my Rainbow,
So slow, so slow, so slow,
Babe I won't let you go.

When the moon is bright,
I will hold you tight,
I won't let you go girl
Come to me any day
When the moon is bright,
I will hold you tight,
I won't let you go
We make it anyway

I don't need a one night stand
I have got my own right hand

I don't need a partnership ,
cause all the girls, girls , girls, makes me sick

So slow, so slow, so slow,
get under my Rainbow,
So slow, so slow, so slow,
Babe I won't let you go.

Slow, so slow, so slow,
