## Leo Sayer, Everything I've Got

Writers: tom snow & amp; amp; john vastano

I never worry I never fret
'cause when I got you on my side you can bet
I got it all I'm standing so tall
And when I hold you in my arms
You know I'll never let you fall
When trouble comes to call

I will give you everything I've got Don't you know You know that I will love you a lot Never let you go Don't need nobody Want nobody but you

Time's gonna come
When you're put to the test
And you and me girl
We won't be like the rest
We'll see it through
Just me and you
And when they ask us
We will say it's been tried and it's still true

## We're still try'n' to prove

I will give you everything I've got Don't you know You know that I will love you a lot Never let you go Don't need nobody Want nobody but you

I will give you everything I've got Ev'rything I got You know that I would love you Love you a lot Don't need nobody Need no one but you No one but you

I will give you everything I've got Ev'rything I got You know that I would love you Love you a lot Don't need nobody Need no one but you No one but you
