

# Leo Sayer, Living In A Fantasy

You, you are my reason to live  
You make me shine with all the love that you give  
And when I think of you  
I keep drifting away  
Little by little I love you more every day  
I lay in bed but I just can't sleep  
I close my eyes and you're all that I see  
I can't believe that it's happening to me

Livin' in a fantasy  
Ever since you came to me  
Livin' in a fantasy  
Drownin' in this luxury  
Ever since you came to me  
Livin' in a dream

And I know there'll be storms up ahead  
We'll blow them away, bring back the sun again  
For love conquers all, the gloom and despair  
Nothing nothing can go wrong  
Just as long as you're there

And I see a light on the path up ahead  
I know you'll wait on the cliff where you said  
I'll hold you close til we're right on the edge

Livin' in a fantasy  
Ever since ever since you came to me  
Livin' in a fantasy  
Drownin' in this luxury  
Ever since you came to me  
I been livin' in a dream

Oh you're too much too soon  
You're too strong  
And I wanna drown in your touch  
Don't keep me floating too long
