

Leo Sayer, Only Foolin'

when we're round at a friend's house you act so precious and cool
tell her I'm nothin' special at all just
and here I am tryin' to tell you again but you just don't understand
that we could be somethin' special
but we're only -- we're only foolin' you know that we are -- we're only foolin'
tell me what are you gonna do
when we go out on a saturday night
feel like I'm stringin' along
I ask you where are we going from here
so here we are at the crossroads
between better or worse
you tellin' me I'm too serious babe
and one
but we're only -- we're only foolin' you know that we are -- we're only foolin'
tell me what are you gonna do
about a fool who's in love with you
what are you gonna do
