

# Leon Bridges, Smooth Sailin'

Over the horizon  
She's smooth sailin'  
These concrete seas  
Now she's headed  
East down the boule - the vard

Sugar, said I like the way (like the way)  
Said I like the way (like the way)  
You sail your ship down  
Let me be your cargo

I won't wear you down  
No honey I won't  
Wear you down

I don't really know  
Her destination  
But I get a feeling I  
Get to be your passenger  
Sugar let me be your passenger

Sugar, said I like the way (like the way)  
Said I like the way (like the way)  
You sail your ship down  
Let me be your cargo

I won't wear you down  
No honey I won't  
Wear you down

She's smooth  
Smooth sailin' (Smooth sailin' yeah)  
She's smooth  
Smooth, darling

Sweet pretty baby  
Won't you be my lady, oh  
Sweet Honey, darling  
You know I'm calling  
I want you

Sugar, said I like the way (like the way)  
Said I like the way (like the way)  
You sail your ship down  
Let me be your cargo

I won't wear you down  
No honey I won't  
Wear you down

She's smooth
