

# LÉON, Lift You Up

I can hear the rain again  
Baby I'm looking down  
Then back at you  
Where you goin'?  
Tell me, don't you want to see it through?

Oh it's tearing me apart  
When your heart goes  
Into silence  
And I just want to hold you  
When your spirit breaks in two

Hey baby  
I wanna lift you up  
Hey baby  
I wanna lift you up  
Love lives on forever  
The thunder never lasts  
So hold on, don't you worry  
The sun is coming back  
Hey baby  
I wanna lift you up

In the distance  
I can see it in your eyes  
You're fading out  
Head is underwater  
Honey, don't you know?  
You walk a solid ground  
We can head into the dark  
And I will follow  
Right beside you  
And when the night is falling  
Won't let it get the best of you

Hey baby  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
I wanna lift you up  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
Hey baby  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
I wanna lift you up  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
Love lives on forever  
(Lift you up, I wanna)  
Thunder never lasts  
(Lift you up, I wanna)  
So hold on, don't you worry  
(Lift you up, I wanna)  
The sun is coming back  
(Lift you up, I wanna)  
Hey baby  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
I wanna lift you up  
(Lift you up, I wanna)  
(Lift you up, I wanna)

(Lift you up, I wanna)  
(Lift you up, I wanna)

(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)

(Lift you up, I wanna)  
(Lift you up, I wanna)  
The sun is coming back  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
I wanna lift you  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)  
(Lift you up, I wanna)
