

# Leona Lewis, Glassheart

Tragic, broken like a china door  
Burning like a gun shot  
My heart is breaking  
It always hurts  
And through each other  
Down on the floor  
My heart is breaking  
It's made of glass  
And anything that's good never ever lasts

So baby if you love me, let me know  
'Cause everything hurts just like before  
Your about to tear this heart apart  
I love you like a glass heart

So baby if you love me, let me know  
'Cause everytime you touch, touch turn to go  
Promise I will never fall apart  
And I love you with my glass heart

Running round, staring at our empty room  
Staring at the window  
I hear music that we used to make  
But maybe I shouldn't though  
My heart was beatin'  
And so was yours  
And through each other  
Down on the floor  
My heart is breaking  
It's made of glass  
And anything that's good never ever lasts

So baby if you love me, let me know  
'Cause everything hurts just like before  
Your about to tear this heart apart  
And break another glass heart

So baby if you love me, let me know  
'Cause everytime you touch, touch turn to go  
Promise I will never fall apart  
And I love you with my glass heart

And you promised not to let me fall apart  
Fall apart  
And I love you with my glass heart

So baby if you love me, let me know  
'Cause everytime you touch, touch turn to go  
Promise I will never fall apart  
And I love you with my glass heart
