

Leonardo'S Bride, Buzz

Hey buzz

Lewis carroll would have loved you.

Hey buzz

There's a cloud around the room now.

I am so so sorry, I am so so sorry.

Hey buzz

This town doesn't hold me anymore.

Hey buzz

Come on over here with me.

Hey buzz

You just sit there are you happy?

We are running low, we are running low.

Counting crosses on the wall

Marking the days

This scene is fading, this scene is fading.

Hey buzz

This town doesn't hold me anymore.

Hey buzz

Funny how we ended up here.

Hey buzz

We will find our lucky feet again

Just around the corner, just around the corner

Counting crosses on the wall

Marking the days.

This scene is fading, this scene is fading

Hey buzz

Lewis carroll sure will love you.
