

Leonardo'S Bride, Wednesday

Wednesday girl, wednesday boy
Comes around in the morning
Stepping lightly,
Taking coffee in the garden
Where the sunflowers inspire you
To paint a picture,
Write a letter.
Wednesday girl, wednesday boy,
Lunch is brie
And a little wine and music
On the sofa,
Soon enough siesta
Now you're finally with the one you love.
Wednesday girl, wednesday boy.
Nothing demanding here,
There's an understanding here,
No mind for matters permanent.
Step out
On another perfect afternoon for walking
Back to the tower
Where the battle rages on
Armed with love.
