

# Leonardos Bride, Hey Hey

leonardo's bride  
she turns the t.v. on  
it's 9 a.m. she's bored again  
she has no place to be  
nothing going down  
she just hangs around

she surrenders to it  
there's a white flag blowing  
she hangs her shoulders with a sigh  
mona lisa smile

another cup of tea  
she throws the window wide  
it's cold inside  
another cigarette  
not alot to say  
she's giving nothing away

she surrenders to it  
there's a white flag blowing  
she hangs her shoulders with a sigh  
mona lise smile

if i could give her the world i surely would  
but it's not that easy  
but i can give her my love  
and if that's enough  
she'll be leonardo's bride

don't want to bring her down  
but it gets to me  
just to watch her be  
but who am i to say  
cause i've been there  
we make such a fine pair

back to top

your love

this situation's out of hand  
my friends don't really understand  
what have i let myself into  
how did i ever fall for you

your love, is going to be the death of me

your humour hits me like a train  
don't tie me to the tracks again  
you say i should be grateful  
cause everything in life is fatal

your love is going to be the death of me

you say relax that it's all inside of my head  
i ought to try to enjoy myself instead  
it isn't easy being brave  
when you're only inches from the grave

your love is going to be the death of me

back to top

swimmingly

if a dark cloud should follow me  
if it only rained where i stood  
wondering why  
it wouldn't be the first time

if i fell from the edge of the universe  
if i tumbled in nothingness  
knowing my screams were a mime  
it wouldn't be the first time

oh, isn't it lovely now everything's going  
so swimmingly  
oh' isn't it lovely now everything's moving  
so swimmingly  
so swimmingly

if i walked the streets with my shadow  
if i turned around to see it  
with some other guy  
it wouldn't be the first time

if i stormed the tower of song tonight  
if only when morning came did it  
surrender the rhyme  
it wouldn't be the first time

oh, isn't it lovely now everything's going  
so swimmingly  
oh, isn't it lovely now everything's moving  
so swimmingly  
so swimmingly

back to top

disappear

you make me feel like i'm so worthless  
you cut me down like a pedestrian  
you make me run when i'm happy walking  
you pick me up and put me down again

i don't need you hanging round me  
i don't need you in my ear

i look at you and it makes me nervous  
i hope i don't turn out that way  
you're so caught up in your public service  
you're so lost in what your friends will say

i don't need you hanging round me  
i don't need you in my ear  
i don't need your conversation  
i just wish that you would disappear

you say it's only 'cause you're worried about me  
i'm not worried so why should you  
you better get another occupation  
there's got to be something else to do

i don't need you hanging round me  
i don't need you in my ear  
i don't need your conversation  
i just wish that you would disappear

back to top

faith

phone won't ring when you sit by it waiting  
toast don't pop when you're watching the clock  
we could be waiting on a sign  
until the end of time  
and there's still no guarantee  
of it making sense to anyone

all we need's a little faith

now we can question ourselves  
every book on every shelf  
we can run a marathon  
and still be where we started from  
roll with the punches  
swim with the tide  
even an angel  
can get taken for a ride

all we need's a little faith

i tell myself time and time again  
somedays i am stronger  
some days go for ever  
there's always heart while the dream is there  
you have to let it come through  
it's better when it finds you

phone won't ring when you sit by it waiting  
toast don't pop when you're watching the clock  
we can only do  
whatever can be done  
we all eventually  
take our place beside the sun

all we need's a little faith

back to top

i've stared at the sun

morning comes, surrounds me  
nowhere to run, nowhere to go  
the days are so long, without you  
no sense of time, no senses at all  
planet earth is turning  
over and over like a merry-go-round  
i'm stuck on the with no name  
where would i be without your love ?  
i've stared at the sun

the truth is  
cheering for a puppet show  
it's a thin thin line  
we're walking  
got to hold on with our arms open wide  
red red square is burning  
don't let the flames of freedom die  
picture us, together  
where would i be without your love ?  
i've stared at the sun

overexposed, it's too late  
to disconnect the way i feel  
baby i'm lost, i'm falling  
i took every number on the roulette wheel  
but it wasn't enough  
so tell me what is  
you who know me better than that  
chelsea girl, forever  
where would i be without your love?  
i've stared at the sun

back to top

living in the red

these days, are so pell mell  
toss me some sleep will you find me down deep  
in this dark well  
unpaid bills and an unmade bed

i tried, tried that whole bit  
that merry-go-round  
that goes round that went round  
is not worth it  
stop yourself now  
before it goes to your head

ah, take what you want  
take what you need  
ah, take what you want  
what you want from me  
but no pictures please  
no pictures please  
living in the red

judge me  
though i've sentenced myself  
this labour of love  
is a love that leaves no time  
for much else  
i'm not alone as a dreamer once said

ah, take what you want  
take what you need  
ah, take what you want  
what you want from me  
but no pictures please  
no pictures please  
living in the red

shoo .....

temperamental friend

if i only said the things you want to hear  
what kind of friend would i be ?  
why try hiding it  
you gave yourself away  
you took offence so easily

my temperamental friend  
my temperamental friend

it doesn't have to end  
my temperamental friend  
my temperamental friend  
ohh .....

yes i love you as you are  
don't be mistaken  
i was only having fun  
that's o.k. with me  
if that's o.k. with you  
the joke's on everyone

my temperamental friend .....

if one day you see the humour  
in the situation  
please drop me a line  
let me know you're fine

my temperamental friend  
my temperamental friend  
it doesn't have to end  
my temperamental friend  
my temperamental friend  
will i see you again.

back to top

even when i'm sleeping

don't be confused by my apparent lack of ceremony, my mind is clear.  
i may be low or miles high off in the distance, i want you near.  
i love you  
even when i'm sleeping.  
when i close my eyes you're everywhere.  
and if they take me flying on the magic carpet, see me wave.  
if our communication fails i'll reconnect it, i want to rave.  
i love you  
even when i'm sleeping.  
when i close my eyes you're everywhere.  
no matter where the road is leading us remember don't be afraid.  
we have a continent that sometimes comes between us, that's ok.  
i love you  
even when i'm sleeping.  
when i close my eyes you're everywhere.

buzz

hey buzz  
lewis carroll would have loved you.  
hey buzz  
there's a cloud around the room now.  
i am so so sorry, i am so so sorry.  
hey buzz  
this town doesn't hold me anymore.  
hey buzz  
come on over here with me.  
hey buzz  
you just sit there are you happy?  
we are running low, we are running low.  
counting crosses on the wall  
marking the days  
this scene is fading, this scene is fading.

hey buzz  
this town doesn't hold me anymore.  
hey buzz  
funny how we ended up here.  
hey buzz  
we will find our lucky feet again  
just around the corner, just around the corner  
counting crosses on the wall  
marking the days.  
this scene is fading, this scene is fading  
hey buzz  
lewis carroll sure will love you.

so brand new

strange news from another star is floating around.  
now i know why when i try to stand up i fall down.  
there walks a giant and the earth is just a stone in his shoe.  
believe me baby when i tell you we are so brand new.  
how can anything be of importance.  
embrace confusion when it's making sense.  
if you have a moment i know what we could do.  
go bathing in the glory of it baby we are so brand new.  
you already know what you need to know  
you know it's all in your mind.  
Any hour any moment could well be the first.  
Our love is wide spread across the universe.  
leave your window open and all your dreams come true.  
i can feel it coming baby we are so brand new

back to top

kissing bedrock

you've been kissing bedrock i can tell  
by the way you carry round the world  
on your shoulders high,  
ever wonder why.  
the only way to go is up from here.  
you've been kissing bedrock i can see  
by the way you walk straight through me,  
staring at your shoes nothing else to lose.  
the only way to go is up from here.  
you will come around,  
you will come around,  
soon enough you'll laugh about it.  
you will come around, you will come around.  
what could have ever shot you down.  
you've been kissing bedrock that's ok  
let the moon go on her wicked way.  
dust yourself off now,  
time will tell somehow.  
the only way to go is up from here

back to top

stay

stay another change of heart,  
stay another memory,  
stay another great expectation,  
stay another late movie.  
stay another rush of blood,

stay another shooting star,  
stay another revolution,  
stay another fallen czar.  
stay another spin of the bottle.  
stay another night of holding on,  
stay another sweet inspiration,  
stay another love song.

back to top

hey hey

hey hey my friend  
you're upside down again.  
my my your hair's a mess  
now it's anybody's guess.  
funny how life can be a desperation.  
you don't have to go for that.  
hey hey my friend,  
whose hands are on the wheel.  
are they taking you for a ride  
or are you just too numb to feel  
the knives in your back  
the thorn in your side.  
you don't have to go for that.  
there's a school of thought,  
there's a bull in a china shop,  
there's a bird in a cage,  
there's a penny that wants to drop.  
is this what you want?  
hey hey my friend guess  
i'll be seeing you round now.  
when it happens again,  
when you feel it drag you down,  
you don't have to swallow it everytime.  
you don't have to go for that.
