

Lesley Gore, No Sad Songs

(music by Lesley Gore, words by Ellen Weston)

No sad songs anymore
NO sad songs anymore
They're gone
Oh I've said it before
But I was never so sure before
No sad songs anymore
They don't belong anymore
The fear is gone
We know the way
And now we're moving on
Darling, keep it pretty
We've waited much too long
To smile, to laugh
To touch, to love
To let it all go wrong
And we'll have no sad songs anymore
We won't go wrong anymore
We won't wait so long anymore
No sad songs anymore
Anymore
