

Lesley Roy, When I Look At You

Everybody knows, everybody knows
You're the kind of guy, kind of guy that a girl like me goes for
Everywhere you go, everywhere you go
People wanna know why you're alone
Hanging out on the dance floor
Ripped up jeans, tattooed sleeves
So James Dean
But you got it 'cause
You're so hot
I could die
'Cause when I look at you
I wanna get a room, I wanna get a room
Under all that cool
I know you want it too, I know you want it too
What's a girl gotta do to get you out of her mind
And into the groove?
'Cause when I looked at you
I knew
(Ha ha)
(Ha ha)
I've been waiting all night, waiting all night
For the right time, right sign
Just so I could finally make a move
Cheesy lines from the wrong guys, drinking cheap wine, wasting time 'til the moment I can get to you
I walk over
Now I get in closer, I'm trembling
Now I see heaven in your eyes
'Cause when I look at you
I wanna get a room, I wanna get a room
Under all that cool
I know you want it too, I know you want it too
What's a girl gotta do to get you out of her mind
And into the groove?
'Cause when I looked at you
I knew
I knew, I knew
I knew, I knew
'Cause when I look at you
I wanna get a room, I wanna get a room
Under all that cool
I know you want it too, I know you want it too
What's a girl gotta do to get you out of her mind
And into the groove?
'Cause when I looked at you
I knew
'Cause when I looked at you
I knew
'Cause when I looked at you
I knew
(Ha ha)
(Ha ha)
(Ha ha)
