

Leslie Carter, I Need To Hear It

My friends have told me lately,
That you've been talkin' 'bout me,
How I'm your one-and-only, oh yeah.
Well, if that's what you're sayin',
That kind of information
Is what I need my baby, oh yeah....

You can tell me on the phone baby,
Tell me when we're all alone baby,
Just don't take too long....

Chorus

I need to hear it from you,
I don't know if everything they say is true,
I can't read your mind,
Even if I wanted to,
I need to hear it from you.

The time we spend together,
Just keeps on getting better,
I think you know it baby, oh yeah.
We share each other's secrets,
But still there's one your keepin',
About the way your feelin', oh yeah....

I think ya need to let it out baby,
In a whisper or a shout baby,
Just don't take too long...

Chorus - repeat

From your lips, from your mouth, go on and say it baby,
Tell me now,
To my face, to my heart, go on and say it baby,
Shout it out.... (I need to)

Chorus - repeat

From your lips, from your mouth, go on and say it baby,
To my face, to my heart, go on and say it baby,
Tell me now, shout it out, go on and say it baby,
Oh yeah....I need to hear it....

Repeat to fade
