

Leslie Phillips, Bring Me Through

Verse 1:

I've been in the basement
Groping for a light
But it just goes to show me
I walk by faith and not by sight
But now I feel the walls are closing in
The dark is blacker than it's ever been, Lord

Chorus:

You've got to bring me through
'Cause there's nothing more I can do
You've got to bring me through
I leaving it up to you
Bring me through, I've done all I can do
You've got to bring me through
I need you...to bring me through
I need you...to bring me through

Verse 2:

Yeah, deep inside I'm bleeding
Will nothing ease the pain
Aching memories beating like
A cold pulsating rain
The more I try to fight the more I fail
Condemnation's got me by the tail, Lord

Repeat Chorus

Bridge:

I need your power, Lord, to quicken my soul
To come break the evil that's taken hold
Repeat Chorus
