

Less Than Jake, Ask The Magic 8 Ball

What the fuck
the fuck have I become
I've become the product of the sum
caught in an endless circle
I've become the stupidest man in the world
"Chalk another one up to experience"
y'know it doesn't make any sense
to do it all over again
and then again
then do it all over again
I've become the stupidest man
I think I'm drawing a blank again
this dizziness never seems to end
never seems to end
you know it never seems to end
drunk and sitting in and thinking
change it never seems to come when I'm thinking
