

# Less Than Jake, Econolodged

Step it up my life spent round the clock  
has got me running on a treadmill with no time to stop  
and competition has put a price on time,  
see all the people you left behind  
and step on all the people that have fell behind,  
competition has put a price on time.  
Man, I'm all I've got, like it or not, I'm all I've got.  
I'm Econolodged.
