

Less Than Jake, Econologed

Step it up my life
Spent round the clock
Has got me running on a treadmill with no time to stop
And competition has put a price on time,
See all the people you left behind
And step on all the people that have fell behind,
Competition has put a price on time.
Man,
I'm all I've got,
Like it or not,
I'm all I've got.
I'm econolodged.
