

# Less Than Jake, Econologed

Step it up my life  
Spent round the clock  
Has got me running on a treadmill with no time to stop  
And competition has put a price on time,  
See all the people you left behind  
And step on all the people that have fell behind,  
Competition has put a price on time.  
Man,  
I'm all I've got,  
Like it or not,  
I'm all I've got.  
I'm econologed.
