

Letter Kills, When You're Away

Something seems to change
When I know you're by my side
I start to feel a rain
And it pours until I feel alive
Record these notes
Make no mistakes
Cause some days
I've come to find
No words to say when you're away
When you're away
So listen to the sound my heart makes
When you're away
When you're away
I miss you everyday
Even more with every phone call home
I've tried to speak your name
But it never even feels the same
So I look around and sing my songs
Cause some days
I've come to find
No words to say when you're away
When you're away
So listen to the sound my heart makes
When you're away
When you're away
Ahhh, ahhh, ahhhh, ahhhh
Ahhh, ahhh, ahhhh, ahhhh
Ahhh, ahhh, ahhhh, ahhhh
Ahhh, ahhh, ahhhh, ahhhh
I've come to find
No words to say when you're away
When you're away
So listen to the sound my heart makes
When you're away
When you're away
