

Letters To Cleo, You Dirty Rat

You never write
You never call
You just stand around and smile so happily
The government could never do
as worser things as you have done to me

Well I should cry
but I've done too much already I can't lie
cause you're better at that than I'll ever be
and it won't take us back to you and me
we are in love

You call me names
and you're never home
all I've got to show is a kiss in jowls
You talk too much
but not to me
there's so much of this love I've never seen

but I should cry
but I've done too much already
I can't lie
cause you're better at that than I'll ever be
and it won't take us back to you and me
we are in love

You dirty rat you broke my heart
I can't believe it went this far
did I believe that I blew out the spark

Now I gotta say before I get sick
I look alive but I feel dead
but as for us we're still good friends

well I should cry...
but I've done too much already
I can't lie
cause you're better at that than I'll ever be
and it won't take us back to you and me
we are in love

You dirty rat
I gotta say
you sure know how to wreck my day
you took the sun and walked away

and now I know just what you've found
and now its you who's next in line
but as for us it was the best of times
