

Level 42, Free Your Soul

Sweetheart don't ever worry
You're never on your own
Others feel the same

Baby don't let the bad times
Become the only times
That you ever know

When the doors are closin'
When the boat is leavin'
When the tide is pushin' you way out from the shore

Feel the pain inside you
Let the spirit guide you
Open up your heart to it baby

You've got to free your soul
You've got to free your soul
You've got to follow feelings deep inside of you
Go on, go on
You've got to free your soul
You've got to free your soul
You've got to follow feelings deep inside of you
Go on, go on
