

Lewis Capaldi, Love The Hell Out Of You

You got your demons, spent seasons on the dark side of the moon
Don't try denying 'cause you know that I've been there too
Right now I know how it feels like the world's gonna end
But I'll get you through
If it's the last thing I do

I'm gonna love the hell out of you
Take all the pain that you're going through
I'll bring you heaven if that's what you need
'Cause you've always loved the hell out of me

You brought resounding techniques for my grounding when I
Had lost it a little too far from the middle to find
Some solace from all this exhaustion and monsters of mine
So you better know that I'll bring you home

I'm gonna love the hell out of you
Take all the pain that you're going through
I'll bring you heaven if that's what you need
'Cause you've always loved the hell out of me
Me

In the moment you feel half complete
Know the moments are temporary
When the fear fuels the fire underneath

I'm gonna love the hell out of you
Take all the pain that you're going through
And I'll bring you heaven yeah if that's what you need
'Cause you've always loved the hell out of me
You've always loved the hell out of me
