

Lexie Liu, Bad Dream

Deep in a bad dream
Like how you left me, I...

□□□□□

The way you make me feel a type of way
Feel a type of way, ah, yeah
If you are coming through will you stay?
I don't mind to wait tonight

I've been thinking
What did I do? What did I say?
I know, it's already enough
What do I do without your love, will you show me how?

Baby, give it to me now
I recognize, when our time is over

But I don't wanna stay sober so
Been here for a minute, babe
I know you wanna see me go down
All night we go on and on but do I have to let you go?
You complication, babe
But you'll never lose me, and I'm sure

Look how you got me feel a type of way
Feel a type of way, ah, yeah
If you are coming through will you stay?
I don't mind to wait tonight

I've been thinking
What did I do? What did I say?
I know, it's already enough
What do I do without your love, will you show me how?

Too bad our timing
Was it love got me blinded?

□□□□□□□□□□

You complicated it and made it too much
But you'll never (You'll never)
But you'll never (You'll never)
But you'll never lose me

Feel a type of way, feel a type of way
(But you'll, but you'll never lose...)
Feel a type of way, feel a type of way
(But you'll never lose me, lose, lose me)
Feel a type of way, feel a type of way
(But you'll never, you'll never, ne-never...)

I've been thinking
What did I do? What did I say?
I know, it's already enough
What do I do without your love, will you show me how?

Cuz I can't help, it's over
And I don't want this to be over
And I don't want this to be...

I wanted to love you...
