

Lexington Bridge, Forgive me

Standing here
I been searching for
Turn away
Who are you turning to
You trusted me
But I let you down
fould (?) around
... found
Bridge:
'Cause every time we see your face
The love is crying
yeah
and every time I hear your voice inside
I'm dying
I'm dying
Refrain:
Girl, give me one more chance again
Please don't leave me in this pain
Can't live without you
Baby forgive me
Forgive me
I know that you are hurt
Whatever it takes
I am changed
and your my life, my destiny
I'm begging you girl
Forgive me
I'm begging you girl
Strophe 2:
I was wake
and then all alone
try to hide

...
I was wrong
Those sleeps are nice
and those desperate days
Baby come home
I promise I would change my way
Bridge:
'Cause every time we see your face
The love is crying
and everytime I hear your voice inside
I'm dying
I'm dying
Refrain:
Girl, give me one more chance again
please don't leave me in this pain
Can't live without you
Baby forgive me
Forgive me
I know that you are hurt
Whatever it takes
I am changed
and your my life, my destiny
I'm begging you girl
Strophe 3:
I was weak
and all alone
tried to hide what I don't know
Sleeps are nice, desperate days
Baby come home
I change my way
Refrain:
Girl, give me one more chance again

Please don't leave me in this pain
Can't live without you
Baby forgive me
Forgive me
I know that you are hurt
Whatever it takes
I am changed
and your my life my destiny
I'm begging you girl
Forgive me
I'm begging you girl
Forgive me
I'm begging you girl
Forgive me
