

LFO, Alyana

Hold up livin in bo dega
Met a girl by the name of alayna
She said she wants to marry me
But her ex-boyfriend's getting mad at me

I said you take the high road
I'll take the low
And I'll meet you somewhere they don't know
Lalalalalala
Girl this time I think I went to far

When I met you girl I feel like this cold world has been good to me
Make me feel like I can see through the birds and the bees you put my mind at ease
And i, don't really know what to do, one look and I find myself in love with you
Miss alayna so why no man can contain ya
Strum my guitar; keep her hot like a cradle

And i, don't know which way to go
And i, should've never let my feelings show
Could it be my life's been takin
I can feel my young heart breakin

Hold up livin in bo dega

Girl this time I think I went to far

At the saloon, old man drink the whisky
Doors wide open, glass breaks lies a misty
And I can feel a purple haze
Take the stroll across the bridge to where alayna lays
Brown eyes, when I treat my thoughts at night
Gypsy woman look ahead and says she sees a fight
See piranha, fall to my knees beg madonna
Please be with me cause I feel I'm a gonner

And i, don't know which way to go
And i, should've never let my feelings show
Could it be my life's been takin
I can feel my young heart breakin

(de la soul)
Hold up that's what I told my love
We need to think this through before I start to bug
I pluck, wonder why with my eye on the prize
But this creepin around yo it's hard to devise
A union between us the bus soon come

Now you ass shows up to play rump a bump pum
He better undersand you ain't some lawn I mowed
Your love is simply for me to park in
His ass will get towed
Girl troubles havin holiday and hotels
Yakin on your coat tails
Every now and then I catch dreams
Of your high yellow ask you for nickel
Yo you got your self a dime
Stuck in a in a lock and mined
I know I shouldn't touch it but I wanna bruise the spine
She the type that make you buy a little box, little rock
Wrapped around the mic (poof) dynamite (poof)
Genie in a bottle (put) powder might as well coh rah

Don't know which way to go
And i, should've never let my feelings show
Could it be my life's been takin
I can feel my young heart breakin
