

# Liam Lynch, Burying Your Cat

i'm, burying your cat tonight  
by the glow of my headlight  
a secret, i will hold dear.

i backed over it,  
i didn't mean it so i peeled it off the tire,  
and drove to the edge of town.  
i drove to the edge of town

tomorrow, you might tell me,  
that she has ran away  
a tear falls softly that i whipe away  
i know, she's safely and six feet under  
i know she's six feet under,  
secretly i know,  
she's done for.  
(meow in background)
