Liam Payne

I always pick up on the first time
I been hoping you would check on me
I can't stop thinking about the first time
it's like you put a spell on me

como estas, you make me crazy
I;m seeing red, that's on the daily now
girl, you a savages, you ain't no lady
you know my style
been smoking lately

I'm trying to find it
get you in private
rush up behind it
don't wanna be friends
we tried it, yes
I;m never on silent
