

Liberty X, Everybody Cries

Oh baby let it rain
I feel it washing over me
The anxiety
I watch it fade away

'Cause everything can change
It changes right in front of me
'Cause you set me free
To where I wanna be

There's something wrong
Is there a reason why?
We're putting up a fight
Don't be ashamed
To open up your heart
Everybody cries
(everybody cries)

Goodbye is kinda hard
It's not a thing I like to do
Can you pull me through
To a better day
(To a better day)

Forever in my heart
You'll always be a part of me
You believed in me
And that I won't forget (and that I won't forget)

There's something wrong
Is there a reason why? (is there a reason why?)
We're putting up a fight (putting up a fight)
Don't be ashamed
To open up your heart
Everybody cries

I look above
And search into the sky
So help me make it right (help me make it right)
And now you're gone
So what am I to do?
Everybody cries

No one should ever be lonely (should ever be lonely)
And we were meant to walk together (together)

There's something wrong
Is there a reason why? (is there a reason why?)
We're putting up a fight (putting up a fight)
Don't be ashamed
To open up your heart (open up your heart)
Everybody cries

I look above
And search into the sky (search into the sky)
So help me make it right (help me make it right)
And now you're gone
So what am I to do?
Everybody cries

There's something wrong
Is there a reason why? (is there a reason why?)
We're putting up a fight (putting up a fight)
Don't be ashamed

To open up your heart (open up your heart)
Everybody cries
