

Liberty X, Good Love

Yeah
Ooh
Yeah

Oh oh oh oh oh

Someone told me I was lost
That I really had to find
What I thought I had in you
But you let me down
So easy

So why don't you want me anymore
(Why don't you want me)
Why don't you believe anymore
(I said why don't you believe)
Why don't you agree with me
(I said why, why don't you agree)
Give it one more try
Before we say goodbye

Cos
Good love is hard to find
These days that's all that's on my mind
That good love is hard to find
But you ain't gonna stop me looking baby no no
(Gonna stop me looking baby)

I always thought that we would last
Even though our time has passed yeah
I cant seem to walk away
Yeah, yeah
Til I hear you say
Say it to me now

So why don't you want me anymore
(Why don't you want me)
Why don't you believe anymore
(I said why, why don't you believe)
Why don't you agree with me
(I said why, don't you agree that we should)
Give it one more try
Before we say goodbye yeah

Good love is hard to find
These days that's all that's on my mind
That good love is hard to find
But you ain't gonna stop me looking baby
(Gonna stop me looking baby)

Good love is hard to find
(Hard to find)
These days that's all that's on my mind
That good love is hard to find
But you ain't gonna stop me looking baby
But you ain't gonna stop me looking baby
But you ain't gonna stop me looking baby
(Gonna stop me looking baby)
But you ain't gonna stop me looking baby
(Stop me looking)
But you ain't gonna stop me looking baby no no
