

Liberty X, Holding On For You

trust is all it takes
people make mistakes

sunshine fades to grey
the second i'm away
minutes turn to hours without you

Time keeps marching on
The summers been and gone
and i'm still here alone still waiting

I'm on my own a million miles away
temptation all round
it won't be long so please be strong
cause i'm holding on for you

trust is all it takes
people make mistakes
cause we are only human - lets face it

And I struggle through the day
pretend that i'm ok
And make believe that you're here beside me

yes i'm on my own a million miles away
temptation all around
it won't be long so please be strong
cause i'm holding on for you

you are the one that i can truly believe in
so don't ever think that i would ever diss you baby
without a doubt you are my rhyme and my reason
and i won't let you down

cause i'm on my own a million miles away
temptation all round
it wont be long so please be strong
i'm holding on for you

i'm on my own feelin blue
miles from home
i'm lost without you
but i'll be strong keep holding on
holding on for you
