

Liberty X, No Clouds

Woke up this morning
Opened up my curtains
What do I see but a lovely day
Sun shining down no sign of the clouds
Dont wanna go to work cause I got to play
Call up my peeps and head for the beach
Do a whole lot of nothing all day long
I dont care bout no 9 to 5
Right here's where I belong
And i've a funny feeling that things are gonna go my way

Aint gonna be no clouds hanging over my head no more
All I can see is sunshine theres one thing i know for sure that
No way I'm holding on to yesterday no more
Living for today
I dont care bout tomorrow

There was a time when you always would deny
You would sly you were hiding things from me
Leaving every lie
Never listened to my own mind
But I've opened my eyes
Now I really see
What you hear the way is clear
Live my life the way I wanna be
All that matters is right here right now my lifes ahead of me

Now I'm gonna worry about the time
This day is mine

Aint gonna be no clouds hanging over my head no more
All I can see is sunshine theres one thing I know for sure that
No way I'm holding on to yesterday no more
Living for today
I dont care bout tomorrow

Aint gonna be no clouds hanging over my head no more
All I can see is sunshine theres one thing I know for sure that
No way I'm holding on to yesterday no more
Living for today
I dont care bout tomorrow

Aint gonna be no clouds
I got myself a positive mentality
Im miss congeniality
Thinking about the things that I'd like to do
When you were in my life
I never got the chance to do
It was hard for me to see
I only needed me
Your negitivity made me think that I couldnt be
what I wanted to be
But now that I'm free I realise
That my life is mine
This is my own time (own time, own time, own time)

Aint gonna be no clouds hanging over my head no more
All I can see is sunshine theres one thing I know for sure that
No way I'm holding on to yesterday no more
Living for today
I dont care bout tomorrow

Repeat til end
