

# Liberty X, Right Here Right Now

Ooh yeah

Wondering how our love just slipped away  
Was it something that we didn't say  
Could it be that you need what I never could've been  
For you my baby

Now you're taking the time to think it through  
This can't be the end for me and you  
On my mind all the time  
I still want you by my side  
Baby

And I realised  
(Now you're wanting me)  
Something deep inside  
(Feelin' so good)  
Every day and night  
(How you make me feel)  
And I'll be there always

Right here, Right now  
With you  
Is where I wanna be  
Right by your side  
You are the one  
You are the one  
Right here, Right now  
With you  
Is where I wanna be  
Right by your side  
You are the one  
You are the one  
For me

There isn't a day when I don't think of you  
And all of the things we do  
If you could see how much you mean to me  
I'll be there always

Whenever I hear you talk to me that way  
It reminds me of why I wanna stay  
In your arms  
I feel safe  
I won't ever go away  
I'll be here always

And I realised  
(Now you're wanting me)  
Something deep inside  
(Feelin' so good)  
Every day and night  
(How you make me feel)  
And I'll be there always

Right here, Right now  
With you  
Is where I wanna be  
Right by your side  
You are the one  
You are the one  
Right here, Right now  
With you  
Is where I wanna be

Right by your side  
You are the one  
You are the one

(On my mind all the time  
I still want you by my side baby  
On my mind all the time  
I still want you by my side baby)

And I realised  
(Now you're wanting me)  
Something deep inside  
(Feelin' so good)  
Every day and night  
(How you make me feel)  
And I'll be there always

Right here (To hold you)  
Right now (To show you)  
With you (Just to know you)  
Is where I wanna be  
Right by your side (Forever)  
You are the one (To hold you)  
You are the one  
Right here (To hold you)  
Right now (To show you)  
With you (Just to know you)  
Is where I wanna be  
Right by your side (Forever)  
You are the one (To hold you)  
You are the one

Right here  
Right now  
With you  
Is where I wanna be  
Right by your side  
You are the one  
You are the one

Right here  
Right now  
With you  
Is where I wanna be  
Right by your side  
You are the one  
You are the one
