

Liberty X, So Alive

Oh
I'm so alive
Oh oh
I'm so alive, hey
I'm so alive
Can you feel it?
I'm so alive
Yeah, I'm so alive

When I look at you
All I see baby
Is the love I've been
Looking for so much lately
You make me feel like I'm flying high
Honey, feels so alive

Each time I see your face
You wake me up inside
I feel alive, so alive
And when you call my name
I can't describe the way I feel inside
Deep inside
I'm so alive

I keep saying that I'm gonna tell you
And I just can't wait till it's too late
I keep praying
It ain't gonna help me, 'cos
You're on my mind and the time is right
I'm so alive

I'm so alive
Yeah, oh

All I want is to be with you baby
Tell me you wanna stay with me
Don't say maybe
Need to know that you're always mine honey
I feel so alive

Each time I see your face
You wake me up inside
I feel alive, so alive
And when you call my name
I can't describe the way I feel inside
Deep inside
I'm so alive

I keep saying that I'm gonna tell you
And I just can't wait till it's too late
I keep praying
It ain't gonna help me, 'cos
You're on my mind and the time is right
I'm so alive

I'm so alive
I'm so alive
Yeah
From the day that you came
I needed to say
You're the one that I dreamed of
The one that I need
When I ask you to stay
I don't mean for a day

I mean always
For eternity

Oh yeah
Oh, oh yeah

I keep saying that I'm gonna tell you
And I just can't wait till it's too late
I keep praying
It ain't gonna help me, 'cos
You're on my mind and the time is right
I'm so alive

Oh
I'm so alive
I'm so alive
Yeah
I'm so alive
I'm so alive
You make me feel so alive yeah
