

# Lidia Kopania, I Don't Wanna Leave

I can say the words I feel inside so deep  
'cuz when the clouds come out I feel so incomplete  
I know the sun shines down on me  
I see it now the rain won't care to leave

I just wanna live my life  
The way it's meant to be

I don't wanna leave  
But it's my destiny  
I will wrap my arms around the world  
you'll see  
But I'm not a child  
'Cuz I'm standing taller this time  
Taking step by step  
Do my best is right  
But I will never say goodbye

For so long now I've been dreaming in the dark  
I was too scared to feel the things held in my heart  
Don't you know this is meant to be  
I let it out  
cuz it's getting hard to breathe

I just wanna live my life  
The way it's meant to be

I don't wanna leave  
But it's my destiny  
I will wrap my arms around the world  
you'll see  
But I'm not a child  
'Cuz I'm standing taller this time  
Taking step by step  
Do my best is right

I don't wanna leave  
I don't wanna leave  
But it's my destiny  
I'll never say goodbye

I don't wanna leave  
But I'm standing taller this time  
Taking step by step  
Do my best is right  
But I will never say goodbye
