

Life Sex And Death, Jawohl Asshole

Listen man get out of my life man
Listen man get out of my life man
Get out of my life
How many lies can they tell me to bring me down
How many times can they kick me when I'm down on the ground
All your life they said you did the wrong
Now they're saying that you don't belong
Listen man get out of my life man
Jawohl asshole
Jawohl asshole
They want you below
Jawohl asshole
Jawohl asshole
They burn fields we sow
They want you below
How many times did you receive punishment but commit no crime
Let us begin to fight what we despise
All your life you have taken the blame
I'm talking to you
