

Lifehouse, God Is My Refuge

We invite you God to this place.

God is my refuge,

My refuge and my strength.

I will not be shaken all of my days.

God is my refuge my refuge and my strength

I will not be shaken, no

All of my days.

God is my refuge my refuge and my strength

I will not be shaken all of my days

And I won't move from your presents of your holiness I will sing

I will take refuge in the shadow of your wings

And I will move from your presence of your holiness I will sing

I will take refuge in the shadow of your wings

God is my refuge my refuge and my strength I will not be shaken all of my days

Sing it again church

God is my refuge my refuge and my strength

I will not be shaken all of my days

And I won't move from your presence of you holiness I will sing

I will take refuge in the shadow of your wings

In the shadow of your wings

In the shadow of your wings

In the shadow of your wings

You are great god

Oh you are great

You are great god

You are great
