

# Lifehouse, Lost To You

I see you there  
You see me too  
Lost in your eyes  
I cant seem to move

All these thoughts  
Up in my head  
Somewhere there  
They lead to you

(Chorus)  
I'm falling down  
On by one  
Please catch me dear  
Before I'm done

How long am I here  
Till I'm swept off my feet  
Take my hand  
Gotta beat this heat

I'm falling down  
One by one  
Please catch me dear  
Before I'm done

As you walk by  
I stare ahead  
Wishin' to see that smile  
You're alive in my head

I'm falling down  
On by one  
Please catch me dear  
Before I'm done

I'm falling down  
On by one  
Please catch me dear  
Before I'm done
