Lifehouse, Storm

How long have I been in this storm? So overwhelmed by the ocean's shapeless form Water's getting harder to tread With these waves crashing over my head

If I could just see you Everything would be alright If I'd see you This darkness will turn to light

And I will walk on water And you will catch me if I fall And I will get lost into your eyes I know everything will be alright I know everything is alright

I know you didn't bring me out here to drown So why am I ten feet under and upside down? Barely surviving has become my purpose Cause I'm so used to living underneath the surface

If I could just see you Everything would be alright If I'd see you This darkness will turn to light

And I will walk on water And you will catch me if I fall And I will get lost into your eyes I know everything will be alright

And I will walk on water And you will catch me if I fall And I will get lost into your eyes I know everything will be alright

I know everything is alright Everything's alright Everything's alright
