

Lifer, Ugly

no use running i see you there
no use hiding or lying i'm becoming you
i'll be all that i'll be
beautiful, pitiful
beautifully, pitiful
look at yourself
what do you see now?
ugly somehow
i am ugly
you are ugly
we're all ugly in the mirror.
clear day
sunny day
now cloudy day, good day
my pain lasting too long
but i love what i've become
beautiful, pitiful
beautifully, pitiful
look at yourself
what do you see now?
ugly somehow
i am ugly
you are ugly
we're all ugly in the mirror.
i'm not mentioning any names.
i'm not mentioning any names.
i'm not mentioning any names.
i'm not mentioning any names.
look at yourself
what do you see now?
ugly somehow
i am ugly
you are ugly
we're all ugly in the mirror.
i am ugly
you are ugly
we're all ugly in the mirror.
