

Lighthouse Family, Lost In Space

Sometimes I get tired of this me-first attitude
You are the one thing that keeps me smiling
That's why I'm always wishing hard for you

'Cause your light shines so bright
I don't feel no solitude
You are my first star at night
I'd be lost in space without you

And I'll never lose my faith in you
How will I ever get to heaven, if I do

Feels just so fine
When we touch the sky me and you
This is my idyll of heaven
Why can't it always be so good?

But it's all right, I know you're out there
Doing what you've gotta do
You are my soul satellite
I'd be lost in space without you

And I'll never lose my faith in you
How will I ever get to heaven, if I do

And I'll never lose my faith in you
How will I ever get to heaven, if I do

And I'll never lose my faith in you
And I'll never lose my faith in you
