

Lightnin', One Kind Favor I Ask Of You

You know it's one kind favor, I ask to you
You know it's one kind favor, I ask to you
See that my grave is kept clean

You know it's two white horses in a line
You know it's two white horses in a line
You know it's two white horses in a line
They gonna take po' Lightnin' to the buryin' ground

Yes everybody!

You know when I'm dead baby, you know I'm gone
You know when I'm dead darlin', Po' Lightnin' gone
But I don't have to worry too much I know, you comin' on

One more time...

I've got to tell you one more time sugar
You know it's one kind favor I will ask to you
You know it's one kind favor I'll ask to you
You know it's one kind favor I'll ask to you
See that my grave is kept clean
