

Lights Of Euphoria, Slow Motion

I was alone
So alone
Do you know
On my own
Artificial light was the only sign of life

My legs are moving in slowmotion
Here I stand
Captivated
Stuck for life in my dreams
Nightlife

It was so blinding, mesmerising
Hurting me
Burning me
A question to my creator
Would you be there for me?

My legs are moving in slowmotion
Here I stand
Captivated
Stuck for life in my dreams
Nightlife

I was alone
So alone

Express your delight
It's okay when you need me
You need me now
